- Section 8. In no case shall the City be required to create public record which does not exist to compile, maintain, format or organize a public record in a manner in which the City does not currently compile, maintain, format or organize such records.
- Section 9. The time for response by the ORO shall not exceed five (5) business days from the date the written request is received by him or her. If the ORO fails to respond within five (5) business days of receipt of the written request, the request shall be deemed denied.

The following guidelines apply to the response:

- (a) Determination – Upon receipt of a written request for access, the Open-records Officer shall determine if one of the following applies:

 - (6) The requester refuses to pay applicable fees authorized by this act; or
 - (7) The extent or nature of the request precludes a response within the required time period.

 - (2) The notice shall include a statement notifying the requester that the request for access is being reviewed, the reason for review, a reasonable date that a response is expected to be provided and an estimate of applicable fees owed when the record becomes available. If the date that a response is expected to be provided is in excess of 30 days following five business days allowed for in section 901, the request for access shall be deemed denied unless the requester has agreed in writing to an extension to the date specified in the notice.
 - (3) If the requester agrees to the extension, the request shall be deemed denied on the day following the date specified in the notice if the City has not provided a response by that date.
